01 PROFILE

I am an Arizona State University graduate located in Tempe, AZ focusing on building a career in web design or video editing.

02 EMPLOYMENT HISTORY

Jan 2019 — Present

Freelance Video Editing

Produce promotional, documentary, and social media videos from raw footage to final delivery—editing, color correction, audio mixing, motion graphics, captions, and export optimization—using Adobe Premiere Pro, After Effects, and CapCut.

Jun 2021 — Feb 2026

Tempe

Email Developer at Inizio Evoke

Developed responsive, accessible email templates and campaign builds from concept through deployment. Ensured cross-client compatibility and mobile responsiveness, optimized assets for deliverability, and collaborated with designers to implement visual designs and campaign requirements. Conducted testing and troubleshooting to achieve consistent rendering across major email clients while keeping tasks updated in Monday or Workfront.

Aug 2019 — Jun 2021

Scottsdale

Development/Design Intern at EpiFinder

Supported website development by organizing digital assets, preparing layouts, and assisting with front-end page builds. Participated in client calls to gather requirements and helped improve file management and version control practices to streamline team workflows.
